CPS HUMAN RESOURCE SERVICES HOSTS CHINESE DELEGATION

Sacramento, CA – October 26, 2006 – A delegation of Tianjin municipal government officials visited CPS Human Resource Services offices in Sacramento this Tuesday.

“Geographic boundaries will not prevent CPS from carrying out its mission to improve the quality of human resource management in the public sector,” said CPS CEO, Jerry Greenwell. “We look forward to sharing industry best practices and strengthening our ties with HR professionals globally.”

Eighteen city officials from Tianjin headed by Yang Yanpu, Vice Dean of Tianjin Administrative College, began their visit with a tour of CPS facilities including their new training center. They later attended information exchange sessions facilitated by CPS training experts to gain a better understanding of the U.S. continuing education system and professional development opportunities for government employees within the Sacramento region.

Last year CPS hosted a delegation comprised of government officials and industry managers from the Guangdong Provincial Department of Labor. Mel Turner, Manager of Training Services, gave an overview of the public employee occupational and technical training offered at CPS to familiarize the delegation with the system and to aid them in their efforts to develop the labor force within their province.
